Students Satisfaction Survey

Students Satisfaction Survey is one of the methods to gauge the quality of educational process. Here the ultimate satisfaction of students are aimed at. However, teachers also gain job-satisfaction and contentment. This method also helps the institution to equip itself still better to elevate the educational standard of the students. The overall response from the majority of the students affirms the fact that students are quite satisfied with the education imparted to them in this institution. The analysis made on the feedback obtained from the students indicates that the education and academic experience that they have gained from this institution have greatly enhanced their understanding spirit of amassing knowledge and to carryout innovative works in their respective fields.
